ABSTRACT

This comprehensive, annotated resource list is designed to assist educators in selecting language arts resources for the elementary classroom. The authorized resources are listed under two main headings: series and individual resources. The series are listed alphabetically under each grade level. The individual resources are often authorized across grade levels and are therefore listed alphabetically. Entries in the list include an icon indicating the type of resource (teaching resource; student resource; student big book; CD-ROM; courseware; activity cards or overhead transparencies; student resources (readers); student skillbooks, activity books, workbooks; videocassettes; and audiocassettes), a resource authorization category (authorized teaching resources, basic learning resources, and support learning resources), a supplier order number, and estimated cost. CONTENTS

Overview

This comprehensive, annotated resource list is designed to assist you in selecting language arts resources for your elementary classroom.

Organization

The authorized resources are listed under two main headings: Series and Individual Resources. The Series are listed alphabetically under each grade level. The Individual Resources are often authorized across grade levels and are therefore listed alphabetically

Please Note: Resources to be withdrawn in August 1995 and August 1996 are not included in this list.

Additional Information

Withdrawals of Authorized Resources, a listing of suppliers, Regional Resource and Urban Media Centres, and a title/series index are included as additional information.

Updates

Updates to this list will be provided periodically. Information on new resource authorizations is included in Connection, published three times a year and distributed to all jurisdictions and schools by the Student Programs and Evaluation Division.

Pricing Information

Prices as of March 1994 are identified in each entry. Please contact the Learning Resources Distributing Centre (LRDC) or the supplier for current prices, including GST and shipping charges. Updated LRDC costs are also given in the current LRDC Buyers Guide. These prices are subject to change without notice.

Resource Authorization Categories

The following abbreviations have been used to denote Resource Authorization Categories:

AT - Authorized Teaching
B - Basic
S - Support

CONTENTS (Cont'd.)

Series

The language arts series comprise both teaching and student learning materials. In this annotated list, the language series are listed alphabetically under each grade.

Individual Resources

These resources stand alone as teacher reference or student learning materials. The single component resources often have application across a range of grade levels and therefore are listed alphabetically with the grade level noted.

Please note: Resources to be withdrawn in August 1995 and August 1996 are not included in this list.

AUTHORIZATION OF RESOURCES

Alberta Education selects, acquires, develops, produces, translates and authorizes the best possible instructional materials for the implementation of approved programs of study. Authorized resources meet Alberta Education's criteria for acceptability, including:

- criteria for curriculum fit and instructional design
- criteria for tolerance and understanding
- developmental analysis
- physical properties
- cost
- Canadian content.

Resource Authorization Categories

Authorized Teaching resources are those teaching resources produced externally to Alberta Education (for example, by publishers) that have been reviewed by Alberta Education, found to meet the criteria of review and to be the best available resources to support the implementation of programs of study and courses, and the attainment of the goals of education; they have been authorized by the Minister. Teaching resources produced as service documents by Alberta Education, such as teacher resource manuals (TRMs), diagnostic programs and monographs, are authorized by definition.

Basic learning resources are those student learning resources authorized by Alberta Education as the most appropriate for addressing the majority of learner expectations of the course(s), substantial components of the course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas or programs as outlined in provincial programs of study. These may include any resource format, such as print, computer software, manipulatives, video.

Support learning resources are those student learning resources authorized by Alberta Education to assist in addressing some of the learner expectations of course(s) or components of course(s); or to assist in meeting the learner expectations across two or more grade levels, subject areas or programs, as outlined in the provincial programs of study.

Note:

The **School Act**, Statutes of Alberta 1988, Chapter S–3.1, as amended, indicates that a school board may develop or acquire instructional materials for use in programs or in schools. **Selection of instructional resources is not restricted to those authorized by Alberta Education.** [Refer to section 44(2)(a.1).]
